NSCC INFORMATION LETTER 5-99 (CHANGE ONE)

From: Deputy Director, U.S. Naval Sea Cadet Corps
To: Distribution

Subj: **1999 NSCC/NLCC SUMMER TRAINING**

Ref: (a) NSCC Information Letter 5-99 dated 24 February 1999
(b) NSCC ltr 19 March 1999, subj: 1999 Foreign Exchange and Summer Training Schedule corrections/updates

Encl: (1) Complete reprint and update of 1999 NSCC/NLCC Summer Training Schedule, encl (3) to ref (a).
(2) NSC-26 (Test)

1. This is **change one** to the 1999 NSCC/NLCC summer training plan promulgated ref (a). It is in two parts; pen and ink corrections with additional notes as immediately follow, and a complete reprint to the summer training schedule itself. This reprint is at encl (1) and is a complete update of encl (3) to ref (a). **Remove and discard encl (3) to ref (a) and replace it with encl (1) to this letter.** All of the appropriate and relevant changes from ref (b) have been incorporated into this update. However, notes and reference information for this summer's training contained in the original schedule, ref (a), at encls (1) and (2) still apply. Pen and ink corrections and additional notes are as follow.

- **Pen and ink corrections:**

- TAB C to encl (1), ref (a), page 2, the SEAL test. Change paragraph 5 for the run to clearly read one and one half miles.
- TAB D to encl (1), ref (a), first page, third item on the checklist. Change to read, "Ensure insurance information has been written across the top of the back of the NSC-22 per encl (1) Section 2 Application Procedures."

- **Additional general notes**, add these to encl (1) ref (a), Section 14, miscellaneous notes:

- Remember, please, that service records are to include a copy of the ID card. NSCC Action Letter 14-98 refers.
- For the **FAA all ground schools**, Section 9, there is a need for about three adult escorts for each class, classes are in the training schedule at encl (3). Escorting adults can take the instruction at minimal to no cost in return for escorting duties. **This is a great deal for any adult aspiring to fly!** Call Judge Colby if interested.
- For **Amphib LCREEK, AO-VA** at encl (3), the note says must be able to swim. **This is true!** Participants should all feel comfortable in a water environment. While you don't have to be an expert swimmer, you should be a strong swimmer. The COTC, LTJG Rocha, is an active duty SEAL and an ex Sea Cadet who instructs the teams in Amphibious Operations. Water borne exercises or experiences may be expected.
- For **NLCC Orientation Colorado, NT-CO**, at the Air Force Academy, cadets flying in must plan their flights so as to arrive in Colorado Springs not earlier than 1200 hours on that Saturday, 26 June. The CAP has the barracks until that time and NLCC can not occupy until that Saturday PM. POC is LCDR Van Arsdall. See the schedule and call him for any special arrangements.
- COTC's will be using an updated and revised NSC-26 for reporting back to units and Regional Directors any deficiencies regarding cadets reporting for training. A copy is at encl (2) for your information and action as appropriate. NSCC Action Letter 14-98 refers. Our goal is to incorporate into the CY 00 inspection cycle credit for cadet preparation for summer training.

2. And please, remember and remind everyone **it is the responsibility of the parent and the unit to ensure all arrangements have been made to get cadets to the training site.** It is not the COTC responsibility to arrange shuttles, van service, etc. to and from local airports distant from training sites. Some COTC's have done this and they are to be applauded. While they have gone above and beyond, you must remember, it is still not their responsibility. Also appreciate that this service or consideration even if the COTC desired, probably couldn't be accomplished at the larger training evolutions, because of overwhelming logistical problems. So, remember where the responsibility lies and plan accordingly. Even though this is on the NSC-22, it deserves re-emphasis.

H.J. Nyland
