1. This is **change one** to the 2001 NSCC/NLCC summer training schedule promulgated ref (a). It is made up of pen and ink changes to ref (a), additional miscellaneous notes to be added to Section 18 of ref (a), a complete reprint of the summer training schedule itself, and forms to be filled out by those cadets who request training with the Young Marines. **The reprint at encl (1) is a complete update of encl (3) to ref (a).**

2. **Action.**

a. Remove and discard original encl (3) to ref (a) and replace it with encl (1) to this letter. This is the newly revised summer training schedule with all previous updated and changes incorporated. It is the same as is currently posted on the NSCC resources page a:.

- *resources.seacadets.org* or www.seacadets.org/resources

General Training Guidelines, Coast Guard opportunities, and other notes and reference information for this summer's training contained in the original schedule, ref (a), at encls (1) and (2) still apply.

b. Make the following pen and ink changes as below.

- Ref (a), page 2 the original letter of promulgation, para 8, last sentence: change to read "...canceled effective 30 September 2001."
- Ref (a), encl (1), page 2, section 2, Application Procedures, 3rd major bullet talking to forms: delete words, "**...because these are the only revisions of this form having the required insurance statement in the reverse,** acknowledged by the parents signature.
- Ref (a), encl (1), page 4, section 3, Regional Assignments, Region 12 Camp Parks; change dates to read 24 June – 7 July.
- Ref (a), encl (1), page 8, section 9, FAA Ground School: add the following note:
 - For the ground school at Andrew air force base. The focus of this training will be Electronic Engineering with emphasis in communications. Cadets should be at least 13 years old with a strong academic record. This class will be mostly didactic in nature and leads towards FCC licensing. Includes code training. Call Judge Colby for details.

c. **Additional general miscellaneous notes;** add these to encl (1), ref (a), Section 18, miscellaneous notes:

- For the **FAA all ground schools**, Section 9, there is a needs for adult escorts for each class, classes are in the training schedule at encl (3). Escorting adults can take the instruction at minimal to no cost in return for escorting duties. ***This is a great deal for any adult aspiring to fly!*** Call Judge Colby if interested at (703) 549-7722
- For all cadet and adults with orders to POLA, Amphibious Operations, Basic and Advanced Airman, Port Operations and the International/Canada East Exchange ***staying at the Naval Station Norfolk Youth Barracks, B-30:***
 - The phone number is (757) 444-4642
 - The mailing address is:
 - Cadet/Officer Name
 - TWT Title (AMPHIB OPS, BASIC OR ADV AIRMAN, INTERNATIONAL EXCHANGE)
 - PMB #341
 - 8401 Hampton Blvd. Suite 7
 - Norfolk, VA 23505-1018
- **SEAL TRAINING NORVA.** The departure date is scheduled for July 23rd which is Monday so that cadets can participate in the annual SEAL reunion that is scheduled for that previous weekend This is as the end of their training. Cadets who have to leave at the end of training on Friday evening, 20 July due to other obligations, may do so. Advise COTC well in advance.

- **FOR THOSE TRAVELING VIA COMMERCIAL CARRIERS:** We follow the recommendations of the Navy/Naval Reserve with regard to travel in uniform or civilian clothes. Current recommendations are that service personnel traveling commercial carrier, travel in civilian clothes. **Accordingly, it is recommended that cadets as well, travel in civilian clothes, if traveling via commercial carrier.**
- **U.S. COAST GUARD TRAINING.** Some of the very best training available continues to be with the U.S. Coast Guard, and particularly aboard buoy tenders. Buoy tenders in the major rivers of the U.S. are standing by to have cadets come aboard this summer, but these opportunities are as locally arranged. So..... Unit CO's and cadets are encouraged to continue their already outstanding work with local USCG assets to make local training with the USCG happen.

d. For those cadets who wish to train with the Young Marines, they require completion of the forms at encl (2). First call NHQ Capt Nyland for quota, then please include them with your request when you submit your request for training authority, NSCTNG001.

3. And please, remember and remind everyone it is the responsibility of the parent and the unit to ensure all arrangements have been made to get cadets to the training site. It is not the COTC responsibility to arrange shuttles, van service, etc. to and from the local airports distant from the training sites. Some COTC's have done this and the are to be applauded. While they have gone above and beyond, you must remember, it is still not their responsibility. Also appreciate that this service or consideration even if the COTC desired, probably couldn't be accomplished at that larger training evolutions, because of overwhelming logistical problems. So, remember where the responsibility lies and plan accordingly.

H.J. Nyland
