## NSCC INFORMATION LETTER 02-2002

From: Executive Director, U.S. Naval Sea Cadet Corps

Subj: TWT OPPORTUNITY WITH THE FOUNDATION FOR TEACHING ECONOMICS

Encl: (1) List of Colleges and Universities

1. **Purpose.** To announce the year 2002 program in which NSCC high school juniors can compete for a special one-week *Economics for Leaders* program at leading colleges and universities.

2. **Background.** The Foundation for Teaching Economics (FTE), a non-profit education organization, is making available this training to NSCC students who are presently in their junior year of high school. There are **10 billets** available for interested NSCC students. This program, *Economics for Leaders*, has been designed to equip potential leaders with an in-depth understanding of the economic aspects of national and international issues. The course includes leadership simulations and exercises that demonstrate the fundamentals of taking charge in diverse situations. See enclosure (1) for a list of the colleges and universities offering courses.

3. **Discussion.** The Naval Sea Cadet Corps seeks opportunities for cadet leadership development, growth and training. The course offered by FTE offers a unique opportunity for mature cadets in their junior year of high school, to take advantage of an inexpensive program that counts toward TWT requirements. Only one cadet per unit may apply for selection. If there is more than one unit in the local area, students from the same school **are not** permitted to attend. **Expenses, including lodging, meals, and course materials will be paid by FTE for students selected to attend.** Expenses **not** covered are transportation to and from the program site and incidental spending money. Commanding Officers of NSCC units shall give this Information Letter widest distribution especially to current juniors of high school. NSCC cadets interested in this program must be recommended by their commanding officer. **The unit CO must contact headquarters for an application. The completed application must be submitted to FTE no later than 15 March 2001.** A \$100 deposit must accompany the application to ensure participation. The \$100 will be returned to the student upon completion of the course. FTE will send program materials to those selected by mid-April. Additional instructions will accompany the program material and must be adhered to at that time. Unit CO's are responsible for informing NHQ of a cadet's selection.

4. **Cancellation.** This letter is canceled when contents have been noted and disseminated, but not later than 1 September 2002.

M.D. FORD

Field Representatives  
Regional Directors  
Unit Commanding Officers

# apply now!

*"This program got me very excited about topics we normally find dull. It challenged me, entertained me, and enlightened me."*

Erik Andersen  
Babson College  
Boston, MA

*"This week was, in a word awesome! I thoroughly enjoyed getting to know great people through numerous leadership activities, and I actually found out that I enjoy econ!"*

Kosha Shah  
Loyola Marymount University  
Los Angeles, CA

*"I wish I could bottle the good feelings I got from this program and distribute it at the equilibrium market price."*

Chris Mahoney  
University of California  
Davis, CA

fun

## Plan your 2002 summer!

Your completed application must be received no later than March 15, 2002.
