2. Cancellation. COMNAVRESFORINST 5760.2B
3. Background. The NSCC was established by the Navy League of the United States in 1958 at the request of the Department of the Navy, as a volunteer, nonprofit training organization for young people ages 14 through 17. At the same time the Navy League established the NLCC as a junior program to meet the needs of younger people, ages 11 to 14. Commander, Naval Reserve Force has designated Commander, Naval Reserve Recruiting Command to perform duties of NSCC/NLCC coordination and administration.
4. Objectives. The Navy supports the NSCC/NLCC as part of its overall effort to create a favorable image in the minds of American youths.
5. Policy. Reference (a) provides the Department of Navy's policy to support Navy youth programs to the maximum extent possible within the limits of available resources; and to the extent that this participation will not interfere with assigned military missions. Navy youth programs are to afford equal opportunity for participation to all American youths without regard for race, color, sex, creed, or national origin.
6. Support. Addressees will cooperate with local Navy League councils, their Sea Cadet committees, local NSCC/NLCC units, field representatives, and Regional Directors of the NSCC in their efforts to establish and maintain the NSCC/NLCC Program. This cooperation is to include the following:

Letters of recognition for enlisted members are encouraged, as well as consideration of the Military Outstanding Volunteer Service Medal.

d. Allow the use of Naval Reserve Force berthing facilities on a space available basis by personnel of the NSCC/NLCC for the purpose of drilling. Facility use shall not interfere with the primary mission or cause undue interference with normal activities.

The results of the examination will be recorded on the Report of Medical History (NSC-5A (Rev. 3/88)) and Report of Medical Examination (NSC-5B (Rev. 2/98)) and provided to NSCC/NLCC commanding officers for filing in the cadet's service jacket. Medical personnel will also examine and certify cadet's physical fitness to participate in 2 week training periods per chapter 15 of reference (d).
