Memorandum for: NSCC National Officers and Director
NSCC Field Representatives
NSCC Regional/Associate Regional Directors
NSCC/NLCC Unit Commanding Officers

Subj: Combined Federal Campaign (CFC) – 1998

The Combined Federal Campaign (CFC) was established to provide federal employees with the opportunity to donate through payroll deductions to charities that offer programs designed to meet human needs in our communities and nationally. It is an annual drive to raise funds for qualified organizations and the only authorized on-the-job solicitation of federal civilians and military employees at their places of work.

The Naval Sea Cadet Corps has again been approved for participation in the 1998 CFC campaign which will be conducted during the period of September through December. We have been assigned the national code number of "1001," the number which is entered on the CFC pledge card to designate contributions to the Sea Cadet Corps. In order to fully benefit from this opportunity to obtain funding for the program, we need your help in:

- Ensuring the widest possible dissemination of the fact that we are a participating agency, and
- Ensuring that "all hands" know that our code number is "1001."
- Distributing attached flyers to federal agencies with which you may have contact including active duty and reserve commands.

I have enclosed materials for your use in accomplishing the above. Please help us in this most worthwhile endeavor.

Your support and assistance in publishing this information is sincerely appreciated.

M.D. Ford
Executive Director
