## Sea Cadets To Visit USS Sullivans

*Submitted Article*

OSWEGO, NY - Members of The Oswego U.S. Naval Sea Cadet Corp and Navy League Cadet Corps, Charles C. Crisafulli Division will be visiting the USS Sullivans on Sept. 15 and 16.

The decommissioned Sullivans is moored in Buffalo New York Naval Park, and will be a great time for Sea Cadet members looking to join the Navy to live the life of a sailor for a couple of days.

The Division under the command of LTJG Daniel D. Whaley is comprised of young men and women Sea Cadets between the ages of 13 and 18 and Navy League Cadets between the ages of 10 and 12.

USS Sullivans was launched in San Francisco on 4 April 1943.

The ship's namesake, the five Sullivan brothers, enlisted in the Navy and served together aboard the light cruiser USS Juneau.

On Nov. 13, 1942, while fighting off Guadalcanal, the five brothers died along with 700 other sailors when the USS Juneau was sunk by a Japanese submarine.

President Roosevelt directed that one of the new Fletcher class destroyers then under construction be named after the five brothers.

She was sponsored by their parents, Mr. and Mrs. Thomas F. Sullivan.

She is the only Navy destroyer ever named after more than one person.

The Sullivans was designated a National Historical Landmark by the Department of the Interior in 1986.

More than 55,000 people annually come to Buffalo to tour the Naval Park.
